

Dental Hygienist

Dentistry of Colorado

Dentistry of Colorado is fast growing, innovative comprehensive oral health and wellness provider. Our mission is to provide conservative, comprehensive treatment to improve and maintain patients' oral health. With seven locations throughout Colorado we are pioneering new techniques leading to increased patient comfort, faster recovery time, and overall reduced patient costs. Our clinical expertise is in Implant Dentistry, Cosmetic Dentistry, Full Mouth Reconstruction, and TMD Therapy. We believe that the best dentistry is the type that educates, informs, and prevents in order to maintain teeth and their natural tooth structure for as long as possible.

We are looking for a passionate Dental Hygienist to join our dynamic, fast-pace team in a **Full-Time** capacity. Our team is highly motivated and empowered to take action, to us Leadership is not about *who* you are or *where* you come from, it's about *what* you do.

As a Dental Hygienist you'll play a central role coaching our patients regarding oral health, collaborating with Doctors to achieve patient's goals, and contribute to our culture working with members across the organization.

A day in our collaborative office will look like this:

- **Coaching your Patients** reviewing treatment plans, educating and showing patients proper oral health techniques, answering their questions and concerns with compassion, and helping them to maintain a relaxed positive outlook regarding their oral health goals.
- **Updating internal systems** to help us keep track of how we're doing to support each patient, updating their records with detailed notes, aiding patient's in scheduling their next appointment, and keeping doctors and key staff informed regarding patient's progress, concerns, and challenges.
- **Monitoring Patient medical progress** before a patient's scheduled appointment, we provide a individual experience and take the time to get to know our patients, their goals, and help them to celebrate their wellness success and motivate and guide them back to health if needed.
- **Using the proper techniques to diagnose** and develop an individual treatment plan for oral health. You will be taking and interpreting radiographs, completing Periodontal charting, and other assessments to properly diagnose and treat.
- **Connecting across the team** from working with Doctors to the Office Manager to Senior Leadership to establish patient satisfaction priorities, share best practices,

learn new techniques, and promote ancillary wellness services including whitening trays, occlusal guards, Arestin, Invisalign, etc.

- **Treating each patient as an individual**, understanding that each patient's path to oral wellness may be different, listening to their concerns, and helping them develop a plan to reach their goals, while also being diligent about care plan adherence and collecting feedback to continuously help us improve our patient experience.
- **Creating a first class patient experience** focused on oral wellness creating a warm, supportive, and inclusive environment where your patients look forward to their next appointment.

The Details:

- Minimum education requirement of an Associates Degree in Dental Hygiene from an accredited education institute.
- Must be a Licensed Registered Dental Hygienist in the State of Colorado.
- Local Anesthetic certification preferred but not required.
- Ability to work in an environment with frequent change and a need to demonstrate and act with a sense of urgency.

What we offer:

- Competitive hourly base pay
- Bonus opportunities
- Paid time off and paid holidays
- Matching 401K
- Medical, dental and vision insurance
- Company paid life insurance policy
- Short term and long term disability
- 20 paid Continuing Education (CE) per calendar year
- Uniforms provided

We're excited to learn more about you. If you think this is the next role for you, please submit a resume to careers@dentistryofcolorado.com with the subject line '**Dental Hygienist - (your name)**'. Please include your availability to speak with a team member in the next week. Thank you!
